

NSTI FESTIVAL FESTIVAL ARENA, on February 15-19, 2018

The National Science Technology & Innovation Festival(NSTIF) was organized by the Ministry of Education. In the Science Fair Exhibition, in category II, Rosary School, Muweilah was selected as one of the schools to exhibit two projects.

Project one: Eco city.

Topic: Aim: to build a city free from carbon emission and other forms of pollutions.

Project two: Sustainable Living

Aim: To design an integrated approach to increase farm yield and manage resources in order to address all three critical aspects of sustainable living- economic, environmental and social.

A total of 90 schools exhibited their projects for junior and senior categories on four main areas: Technology, Biological & Ecological Sciences, Social & Behavioural Sciences, Chemical, Physical & Mathematical Science.

We at Rosary School are proud to have been chosen as the only Private school to exhibit in all the five days of the festival
